The report is satisfactory, \$35⁰⁰ is appropriated to American Friends Service as last year, and Fred Baynes is named to fill the vacancy on the board of trustees caused by the death of his father, Lewis Baynes. The trustees not already named above are John N. Wilson, Arthur Benjamin and Charles Smith

From the recent meeting of the American Friends Service Committee held at Richmond Indiana came generous gleanings from the note books of Luella Flitcraft and Jeannette Stetson. These friends were especially helpful with their reports on the Negro and on Peace. The meeting was pleased that a large delegation from Chicago was in attendance.

Lastly the Quarterly Meeting considered the Spiritual Message of the Society of Friends. The Second Query, and the discipline paragraphs on "Prayer" and "Divine Relationship" were read by the assistant clerk. And she was followed by several with vital and helpful explanations. The spirit of humility prevailed.

In the current issue of the Intelligencer appears a short history of Illinois Yearly Meeting. With the thought of making it more complete and representative of the thought of many, the author asks for suggestions.

An unusually helpful session concluded about 4:30

Notes. Barbara Allee related her experiences in Europe at a neighborhood get-together at Laura Smith's Saturday evening

First day school and Meeting were well attended, as was also the afternoon meeting addressed by Alfred Cope on the topic: Spiritual Message of Friends

A dinner of quality and variety was served by the neighborhood in the meeting house

The new carpet is attractive. A pay dinner a week ago netted a profit to complete payment on it

A new door through the petition at the back, recently cut, is a convenience.

The section removed will be replaced during cold weather.

Husking generally finished. Farmers generally in good spirits
