Clear Creek reports that First Day School is extended into a short worship period once a month, when younger classes contribute to the service.

For the trustees of the Alvin Fawcett Fund, principal \$113., Clarence Mills reports an accumulated interest available for use of \$128.07.

And from the Hoopeston Relief Fund — Principal \$572.24 — a balance available of \$28.76. To Illinois Yearly Meeting Friends Service Committee \$35⁰⁰ was paid last year.

Recommended to the Trustees of the Hoopeston fund that they pay \$28.76 to the Yearly Meeting's Friend's Service to help support the Chicago office.

And for the same service, we appropriate \$50⁰⁰ from our Quarterly Meeting funds.

For the present the successor to Arthur Benjamin, deceased, will remain vacant, with the suggestion that this vacancy on the board of Trustees be filled when next the Quarterly Meeting is held at Benjaminville

Majorie Hill Allee made very acceptable suggestions regarding a joint session in February with Chicago Quarterly Meeting, and herself and Clement B. Flitcraft are asked to serve us in carrying them out.

The Sixth Query was read along with a page from the Discipline on Child Training which makes the point that a child is likely to be what he is expected to be.

Alfred Cope made a statement of progress on Friends' Service

Luella Flitcraft made a report of the Buck Hill Falls meeting of the Central Committee of the General Conference.

Much light on the World Conference was reflected by reports by Jeannette Stetson, Charles Whitney, Lucretia Franklin, Martha R. Mills, and Albert Mills

At five o'clock we conclude in the feeling tha the session has been one of merit and blessing.

Albert T. Mills, Clerk
Kathryn G. Mills, Asst. Clk.
