Jeannette Stetson made an abridged report of a meeting of liberal church members at Newton, Kansas to consider with the 75 present a united action in behalf of Peace.

Announcements included Sylvester Jones for Sunday afternoon and Albert T. Mills for the evening, the latter under the auspices of Magnolia Grange. Grateful for the voices that have spoken for our instruction and inspiration and uplifted by the stimulating fellowship of the session, the meeting concludes

Notes on activities of 11-9 and 11-10-'35

The week-end was rainy but a larger audience than usual was present on both days. The assistant clerk and our representative were absent due to the attraction of an inter-collegiate football game, that is, between Michigan and Illinois. Albert Mills spoke of economic and political conditions in Germany in addition to the miscellaneous reference to his recent tour thru Europe. Jeannette Stetson explained the Peace Bond which Frederick Libby is promoting thru several agencies with the purpose of arousing wide interest in Peace and to raise money for the further extension of peace sentiment.

A reduction of armament petition was in circulation, a concern of Women's International League for Peace

Sylvester Jones' subject was "The Spiritual Message of the Religious Society of Friends." It made a deep impression. At about 2:30 the happy group was breaking up. 13 returned to Chicago, two to Peoria, two to Lostant, two to Decatur.
