We have benefited by the presence of several Friends from the Indiana Street Meeting. This meeting concluded just before three that our Friends might reciprocate by joining with them in their deliberations in their Quarterly Meeting, by name, the Chicago Quarterly Meeting of Friends.

Albert T. Mills, Clerk
Alice B. Flitcraft, Assistant.

Footnotes.— The fellowship of two groups added life and scope, and withal the arrangement was satisfying. Our Friends attended all the sessions of the other group including a mock hearing of the Nye Arms investigation. On Sunday there were four messages. The Forum subject: “An Editor in Japan.”
