**Adult/Intergenerational Program:**

"Gratitude Revealed", from filmmaker, Louie Schwartzberg, provides a cinematic experience of how to live a more meaningful life full of gratitude through conversations with everyday people and thought leaders, revealing gratitude is a proven pathway back from the disconnection we feel in our lives; disconnection from ourselves, our planet, and each other. The film provides an opportunity to open our hearts and see each other with compassion and understanding.

Through a variety of activities this program will remind us of gratitude's vital role in our lives and how we can work towards experiencing more of it daily, as it builds resilience, gives purpose, and provides health benefits. You will go home with new gratitude practices.

**Middle School and High School Friends** will attend adult programming.

**Children’s Program:** Wee Friends through middle school ages will attend intergenerational program and will do activities related to the theme at children’s program times.

Volunteers to help with the children’s program will be appreciated. There will be a signup sheet at registration.
