**Adult/Intergenerational Program:**

Hosted by the Illinois Yearly Meeting Ministry and Advancement committee, the adult program will explore extended meeting for worship. Meetings longer than an hour are rare today, but early Quakers often worshipped for hours, fully expectant and deeply patient for the Living Presence to do its work in the gathered body of Friends. These powerful experiences were central to Quaker conviction, personal transformation, and prophetic challenges to cultural behaviors and systems of power. Saturday morning’s adult program is intended to give each the gift of being gathered corporately, holding the communal and individual adventure of being led by the Spirit who beckons us, opening space for us to hear what we are being called to do. On Sunday morning, participants will be invited to share about their experiences with extended worship in small-group discussion. Intergenerational evening activities will include ice breakers on Friday and a game night on Saturday.

**High School Friends** will have a program TBA.

**Children’s Program:** Choz Howard-McKinney will lead the Wee Friends through 7<sup>th</sup> grade program. They will attend the Saturday evening intergenerational program and will do activities related to the theme at children’s program times. They will also take a nature walk to get to know the new grounds.

Volunteers to help with the children’s program are needed. There will be a signup sheet at registration, but please let us know asap if you’re willing!
